The document "IEEE 1394 - das Tor zu Multimedia, September, 1997, pages 54 and 56" was listed on the Form PTO-1449 accompanying the July 23, 2002 Information Disclosure Statement. A line was drawn through this citation on the copy of the Form PTO-1449 returned with the December 19, 2003 Official Action.

While the document "IEEE 1394 - das Tor zu Multimedia, September, 1997, pages 54 and 56" is in a foreign language, it is discussed in a search report issued by the European Patent Office in a counterpart foreign application. As set forth at MPEP § 609 III A(3):

Where the information listed is not in the English language, but was cited in a search report or other action in a counterpart foreign application, the requirement for a concise explanation of relevance can be satisfied by submitting an English-language version of the search report or action which indicates the degree of relevance found by the foreign office.

The European search report is in the English language and indicates the degree of relevance found by the European Patent Office.

Accordingly, consideration of the document "IEEE 1394 - das Tor zu Multimedia, September, 1997, pages 54 and 56" is believed to be proper, and such action is courteously solicited. For the Examiner's convenience, a copy of the Form PTO-1449 which accompanied the July 23, 2002 Information Disclosure Statement, together with copies of the document "IEEE 1394 - das Tor zu Multimedia, September, 1997, pages 54 and 56" and the European search report, is enclosed.
